POLISH FOR ACCURIDE ALUMINUM WHEELS AND DIFFUSERS

Accuride has a Polish for Aluminum Wheels made for the TV show CHROME SHOP MAFIA, as pictured below. This works great for the new 2007-2010 exhaust DIFFUSERS as well as Aluminum Wheels. A lot of people do not know that they need to polish the DIFFUSER to keep it bright and shiny. Below you see three pictures of a DIFFUSER that requires polish, the Accuride Polish and Accuride Wax and Sealer will bring the DIFFUSER back to a bright polish finish without scratching the ceramic coating. The diffuser shown below has been polished in just a few places to show the product does work. I did NOT use a polish ball all I did was use a rag and the Polish shown so you can see the difference between polished and unpolished finishes.

Tip submitted by Janice and Frank Koch of NorTex Travelers.

How to submit a need for a fix..... Just email Mary Lynn Mahoney at mahkelso@aol.com with your problem. I will include the problem with your email address in the next Newsletter. Hopefully, you will receive suggestions through email that will solve your problem.

If you have a product or tip you have learned through trial and error, share your expertise.

So many of you have years of experience that would help the new RVer, as well as those with that repeated nuisance issue.

This space for future fix it suggestions, and tips!
