

TEXAS W CLUB

WINNEBAGO - ITASCA TRAVELERS

Everyone that didn't make the April meeting in Corsicana missed an "oil well gushing" good time. The Red River Wringers did a great job hosting with good food and very youthful entertainment.

The Grandview school made a long drive with their jump rope team. We were given a real treat. The team jumped a random selection of routines being prepared for National Competition. The team is comprised of third through ninth grade students. An exciting audience of parents and meeting participants were astounded with the expertise and dedication the students showed. The low ceiling presented challenges for the long ropes but the students gave it their all for a great show.

The all time favorite games with an addition of a Paper Plate Passing version of a cake walk, filled the afternoons.

Many thanks to Marjorie for the Quilt donation.

Hope many are considering "A Hillbilly G.N.R." this summer. The Texas **ROW PARTY NIGHT** is legendary with many Texas members in appropriate themed garb. So get your bib overalls, your hillbilly shirt, your corncob pipe, and your old straw hat ready for a *JED CLAMPET* good time. Ideas for dressing up the tent have started. If you have any ideas, let me or one of the officers know.
